A BOAT LOAD OF BEAUTY.—The hand-some little steamer Abner O'Neal came to our wharf on Saturday with a cargo of Steubenville sweets. About one hundred pupils of the Steubenville High School, accompanied by their teachers, came down upon an excursion trip. Why the dear girls are so partial to Wheeling is a conundrum that we, being old and ugly and married, are unable to answer. The young men about town were on dress parade, as usual.

THERE DISORDERLIES.—Charles Hoon and Mike Moran engaged in a fight near the city prison on Saturday afternoon, and were arrested and gave the necessary bail for their appearance to answer this morning at the police court.

On Saturday morning Geo. Duncan hit a man named Ernest Otte, on Market street. Dincan was arrested and gave bail for his appearance at the police court.

Colonel Poorman said that during the absence of the committee he would like to hear some of the gentlemen present express themselves.

James Wilson (to use his own language) made some rambling remarks as a modest initiatory. Colonel Poorman followed with quite a lengthy and enthusiastic address, after which Mr. Powell, chairman of the committee, reported the following resolutions:

lican simplicity and economical government, demanding immediate and thorough reform.

Resolved, That the declaration in favor of retrenchment and reform so profusely made before elections by both political parties in National and State platforms, and ignored alike by both parties after elections, have been beneficial in so far as they recognize the existence of corruption and profligacy and necessity for reform.

Resolved, That hereafter, as the friends of reform, we will accept no declarations of platforms that are not sustained by the nomination of candidates whose record is a sure pledge that the promised reforms will be strictly carried into effect.

Resolved, That as Republicans we recognize in the present efficient Secretary of the Treasury a public servant whose record as a reformer clearly indicates that he possesses both the will, and the courage necessary to oppose profligacy and bring corruption to punishment, and we surely believe that his nomination by the National Republican party would bring to its support the friends of honest government in every State in the Union.

Resolved, That we do therefore earneatly urge our delegates to the National Republican Convention to use their influence and cast their votes for the nomination of the resolutions as read, acconded by N. J. Murray.
